Fanning the Flame of Possibility

At Ardmore we are committed to igniting possibilities for people with intellectual and developmental disabilities (IDD). Our mission is to empower people to shape their lives in alignment with their unique choices and aspirations.

Every day, Ardmore works diligently to Ignite Possibilities for each person we support by first seeing each person as distinct with their own dreams and desires. We actively listen to the vision they have for their lives, and we journey beside them to transform their aspirations into tangible realities.

We firmly believe that everyone, regardless of ability, has the inherent right to exercise control over their lives. With the right support and resources, each person can achieve their goals and ignite possibilities for themselves.

#ignitePossibilities is all about enabling members of our community to explore, embrace, and realize the full spectrum of fulfilling possibilities in their lives.

#InCommunityTogether

Dreams are universal. Growing up, we've all envisioned the life we wanted to lead— from getting our dream job to deciding where we want to call home. People with intellectual and developmental disabilities (IDD) share these aspirations too. That's why Ardmore is dedicated to making 2024 a year of **#IgnitePossibilities**.

Our **#IgnitePossibilities** campaign is centered around empowering people in our community with IDD to achieve their goals and live out their dreams. We believe that everyone, regardless of physical or mental ability, can lead meaningful and fulfilling lives with the right support.

#IgnitePossibilities is our call to action.

Together, we can be changemakers, creating a more inclusive, accepting, and inviting world for people with IDD.
